The MOT Programme

Adolescence was never easy, how much more difficult today when young people are faced with many pressures and temptations. They are thrust into a fast moving world of consumerism and technology. Many are unprepared and overcome by these challenges. I am delighted that the Haugaland Videregaende Skole of Norway has established a relationship with Cape Town College and is committed to introducing the MOT programme that has proved so successful in Norway, to South African schools.

I am delighted to support this initiative and encourage other schools and institutions to become involved. Our young people need encouragement, support and guidance to become the leaders of tomorrow. The MOT programme can help them discover their potential and to dare to reach for the stars.

I wish you well.

God bless you

+Desmond M Tutu Archbishop Emeritus

"Beloved, let us love one another, for love is of God - if there is this love among you, then all will know that you are my disciples."
