CORPORATE PARTNERS SUPPORT MOT SA

MOT SA has been fortunate to have formed partnerships with RSM Betty & Dickson (Cape Town) and Ayanda Mbanga Communications. Our organisation has so far received incredible help and support from both companies, at no cost.

RSM is the South African member firm of RSM International, the seventh largest network of Chartered Accountants and Management Consultants in the world. RSM excels as a training organisation that assists with the development of Chartered Accountants, as they have recognized the skills shortage in the market.

RSM Betty & Dickson (Cape Town) focuses their Corporate Social Investment (CSI) on developing young, previously disadvantaged individuals. With first hand experience in the development of Chartered Accountants, they realised the importance of life and soft skills, in addition to develop the specific skills to become a Chartered Accountant. With this in mind, RSM Betty & Dickson (Cape Town) felt that MOT SA was a good foundation to help them develop the future leaders of this country.

Norwegian Royal Visit

MOT SA MEETS WITH KING HARALD V & QUEEN SONJA OF NORWAY

It was a real honour for students from the Further Education and Training (FET) Colleges, MOT presenters and MOT SA Board members to have met with King Harald V and Queen Sonja of Norway on Thursday, 26 November 2009. The visit was arranged by the Norwegian Embassy.

On Their Majesties' last official event during their state visit, MOT SA presented the MOT Programme in the form of an exhibition at Zeekoe Vlei Yacht Club. Annalízé Blake of the Art & Design Department at the College of Cape Town assisted MOT SA with arranging the exhibition.

The King and Queen were very interested when the students and presenters talked about how the MOT Programme has made a significant impact on their lives.

CCT STUDENT DESIGNS COLLAGES FOR ROYAL VISIT

Keegan Kensley, a recent graduate in Graphic Design at the College of Cape Town (CCT) deserves to be applauded for his contribution to MOT SA's exhibition, presented to the King and Queen of Norway. It took him one week to digitally design and complete three collages of MOT sessions. These collages were displayed with MOT's other branding material, designed by Ayanga Mbangwa Communications. When asked why he assisted MOT, he replied "I felt honoured and encouraged by the fact that I was doing it for the visit by the King and Queen." In 2009, Keegan received the award for "Best Graphic Designer of the Year" at CCT. With his passion and creative ideas in the digital arena, there is no doubt that Keegan will realise his dream to work for a large, well recognised business that stands out from the crowd.
